Sanlorenzo SL88 «BLUE MOON»

ABOUT

BLUE MOON is an elegant Sanlorenzo SL88, combining timeless Italian craftsmanship, sophisticated design and exceptional onboard comfort. Built in 2000 and extensively upgraded over the years, she offers a perfect balance of classic luxury and modern technology.

Her spacious interior accommodates up to eight guests in four en-suite cabins, with additional accommodation for four crew members. Generous living areas, refined finishes and a beautifully refreshed interior create a comfortable and welcoming atmosphere.

The exterior offers generous spaces for relaxation and entertaining, complemented by a hydraulic swimming platform for easy access to the sea. A Seakeeper 35 stabilizer ensures enhanced comfort both underway and at anchor.

Powered by twin MTU engines delivering 1,800 HP each, BLUE MOON reaches a maximum speed of 24 knots. Recent upgrades include two new Kohler generators installed in 2025, updated Raymarine navigation equipment and extensive technical maintenance.

Sanlorenzo SL88 «BLUE MOON»
